Numb. 184.

THE South-Carolina Gazette.

Containing the freſheſt Advices Foreign and Domeſtick.

From Saturday, JULY 30, to Saturday, AUGUST 6, 1737.

By Capt. Coe who arrived here laſt Saturday we have the following Advices.

LONDON, *March* 31.

FROM Barcelona by way of Legborn, that ſeveral Foreign Veſſels are ſtill taking into the Spaniſh Service, and that thoſe which have been diſcharged are for the moſt part Engliſh.

From Conſtantinople by the ſame Way, that the Turks continue to make great Preparations for War with the utmoſt Diligence. That the Grand Signior is going to make his Reſidence at Adrianople; and that the Continuation of the War with the Ruſſians is look'd on as inevitable.

From Vienna, that the Nobility of Hungary have conſented, at the Inſtances of the Court, to mount on Horſeback, to act againſt the Turks, at their own Expence, in caſe of a War, conformable to the antient Laws of that Country, which at the ſame time ſtipulate, that the King of Hungary ſhall likewiſe march at their Head; for want of whom they will be deſired to accept of Prince Charles of Lorrain.

From Petersburg, that a Body of Calmucks had attacked 5000 Tartars, killed a great part of them, and taken the reſt Priſoners, together with 2000 Horſe: That the Tartars finding themſelves ſtraitly confin'd among the Mountains, where their Cattle periſh'd for want of Herbage, deſired Leave from the Kan of the Crimea to retire in his Country, but received for Anſwer, That they could not ſhelter there, the Ruſſians having committed ſuch Ravages in their Country, they had ſcarcely Subſiſtance left for themſelves.

From Venice, that the Republick double their Preparations of War againſt the Turks; the Workmen are encreaſed, and labour Day and Night, even Sundays and Holidays not excepted. It is intended to open the Campaign with Vigour in Dalmatia, the Conqueſt of which is of more Importance to the Republick, inasmuch as ſhe will thereby be more Miſtreſs of her Trade and Navigation in the Adriatick Sea, than ſhe has hitherto been.

The Lord Chief Juſtice Willes, we hear, will be appointed to ſucceed the Lord Hardwick in the King's Bench; and Mr. Juſtice Deaton will be made Chief Juſtice of the Common Pleas in his room.

Four Ships of War are ordered to be ſheath'd, to go under the Command of Commodore St. Loe, to the Weſt-Indies, to relieve Commodore Digby Dent.

Laſt Week the following moſt audacious Letter was ſent to Mr. Preſton, Cow-keeper at Mile-End, ſuppoſed from ſome of Hutchenſon's Acquaintance, which Hutchenſon was committed to Newgate by Juſtice Farmer in January laſt, was tried and ſentenc'd for Tranſportation, for ſtealing from him one Pair and one Side of Iron Harneſs; the Letter was directed to Hobins Preſton, and their Man William

God dam your Bloods for a Parcel of Hell Hounds, we know your Tranſactions about our old Friend Jack Hutchenſon, and what Want he is in, we are informed of; therefore God dam your Bloods and Souls, ye Son of Hell, prepare your ſelves to tumble into Damnation, for by God the the firſt Opportunity we can get to blow your Brains out, you ſhall be ſent to keep your Eaſter in Hell, except you, God dam you, uſe him well, and ſend him good Relief immediately. Who we are, if you want to know, you ſhall be inform'd the firſt Time we meet you, unleſs we hear you have reliev'd our Friend, if you love your Blood or Life, mind this; dam your Blood, prepare to dance a Jigg in the Devil's Key.

April 2. Letters by Yeſterday's Holland Mail gave an Account, that the brave Major General Leſſie, who has been ſeveral Years in the Ruſſian Service, was ſurrounded by a large Body of Tartars, as he was viſiting ſome advanced Poſts; and tho' he had but 30 Dragoons with him, he defended himſelf a long

long time with the utmoſt Bravery, and diſdaining to ſurrender himſelf a Priſoner, died with his Sword in Hand.

They write from Madrid, that the Britiſh and Dutch Miniſters reſiding there have not as yet been able to obtain a poſitive Anſwer to their reſpective Memorials lately publiſhed.

The Britiſh Ambaſſador to the Port is ſet out for the Grand Vizir's Army; the War ſeems inevitable if the Port's Ultimatum, which is expected by the next Courier, does not ſquare with the Emperor's Propoſal.

Yeſterday the Lord Provoſt of Edinburgh, for Misbehaviour in his Office at the Riot and Murder of Capt. Porteous, was order'd into Cuſtody of the Gentleman-Uſher of the Black Rod.

We hear the Nether-Bow Gate at Edinburgh will be demoliſhed, and the City Guard there laid aſide.

April 5. In Poland the Scarcity of Proviſions increaſes to ſuch a Degree, that great Numbers of the Poor die of Famine in a miſerable manner This Calamity has ſunk the Spirits of the People ſo low, that at Kaminieck, they imagine they ſee Spectres and Apparations of the Dead in the Streets at Night, who kill all Perſons they touch or ſpeak to; and ſome have been ſo prepoſſeſſed with theſe Reports, that they have actually died with Fear. It is added, that certain Perſons having affirmed they ſaw thoſe Spectres come out of the Tombs in the Church-yards, the Roman Catholick and Greek Prieſts had ordered the dead Bodies, that were buried there, to be dug up and their Heads cut off, as a means to prevent their appearing again; which had been executed accordingly

Extract of a Letter from Leiceſter

Laſt Aſſizes we had a very remarkable Criminal try'd here. The Preſentment run thus: That George Baggerly, late of Grooby in the County of Leiceſter, Labourer, on the 15th of October, in the 10th Year of his preſent Majeſty, with Force and Arms, at Grooby aforeſaid, in and upon one Dorothy Baggerly, Wife of him the ſaid George Baggerly, in the Peace of God and our ſaid Lord the King then and there being, did make an Aſſault; and that the ſaid George a certain Needle and Thread into and through the Skin and Fleſh of the private Parts of the ſaid Dorothy, in divers Places, then and there wickedly, barbarouſly and inhumanly did force; and the ſaid private Parts of her the ſaid Dorothy, with the Needle and Thread aforeſaid, did then and there ſew up, to the great Damage of the ſaid Dorothy, and againſt the Peace of our ſaid Lord the King, his Crown and Dignity. The Priſoner pleaded Guilty; and was thereupon ſentenced to be impriſoned for the Space of two Years, to pay a Fine of 20 Shillings, and to give Security for his good Behaviour for Seven Years.

We are aſſured that their High Mightineſſes the States of Holland ſent laſt Week an Expreſs to his Excellency M. Vandermere, their Ambaſſador at the Court of Madrid, with Orders to acquaint Don Sebaſtian de la Quadra, that in caſe his Catholick Majeſty would not give a peremptory Anſwer, and releaſe the Dutch Ships lately taken by the Spaniſh Guarda Coſta's in America, they were reſolved to ſend a Squadron to the Weſt Indies, and take their own Satisfaction, ſince it can't be proved that any of the Dutch Ships had Contraband Goods on board: The Squadron is to be compoſed of ſix Men of War and four Frigates, to be commanded by Admiral Scriver.

The Price of Rice is conſiderably riſen by the Merchants, on Account of an Embargo that is laid on all Ships trading to Carolina, to defend themſelves in caſe they ſhould be attacked by the Spaniards.

His Majeſty has been pleaſed to appoint Gilbert Robinſon, Eſq; a near Relation to the late Lord Biſhop of London, to be Lieutenant Governor of Placentia in Newfoundland in the room of Coll. Gledhill, deceaſed.

They write from Petersburg, that the Czarina, to ſhew the Sincerity of her Intentions, had nominated her three Plenipotentiaries to aſſiſt at the Congreſs of Zorokka. The Preliminary Conditions inſiſted on by that Court are, the abſolute Poſſeſſion of Azoph, and Satisfaction for the Damages done by the Tartars; if the Turk rejects theſe Propoſals, the Campaign is to be opened without any more Delay. The Ruſſians will have two powerful Armies in the Field, one of 105000 Men commanded by Count Munich, the other of 70000 Men under General Lacy.

April 7. It is confirmed by Yeſterday's French Letters, that his Imperial Majeſty has condeſcended to grant his ſecond Daughter in Marriage to the King of the Two Sicilies.

They write from Paris, that notwithſtanding all Matters are adjuſted between the Emperor and France and Spain, it is aſſured that Peace will not be proclaimed till the general Tranquillity be ſettled throughout Europe, now threatned to be interrupted by the War againſt the Turks, which appears unavoidable for one Campaign at leaſt: Though it is certain that the Mediating Powers uſe their beſt Offices to bring about an Accommodation between the Czarina and the Grand Signior; but the Succeſs of their Negociations is very doubtful.

April 9. The Perſian Merchants ſettled at Amſterdam, have lately received Letters from their Relations and Correſpondents at Iſpahan, dated the 6th of January, which ſay, that their new Sovereign Kouli Kan continues there, and by his mild and prudent Government, wins the Hearts of the People every Day more and more; that he had ordered them, without Diſtinction of Sect or Nation, to live in Union and Concord; to ſupport one another without ſeeking another's Prejudice, and that they ſhould in him find the Tenderneſs of a true Father. They add, that this Order has had ſuch an Effect, that there's an univerſal Tranquillity, not only in that Capital, but in all the Provinces, except that of Candahar, where the Brother of the famous Merriweis had aſſembled a very numerous Army to make an Incurſion into Perſia; that Kouli Kan had detached a Part of his Army againſt him, and that the reſt continued at Casbin, which was about eight or ten Days march from Iſpahan: Theſe Letters are the more to be credited, becauſe the Merchants of Iſpahan have given Orders to their Agents ſettled at Amſterdam, to ſend their Goods from Europe, which they ſhould not have wrote for, if their Country did not enjoy a perfect Tranquillity.

We hear that great Preparations are making in all our Settlements in the Eaſt Indies, to attack Angria the Pyrate; and that as ſoon as the Ships arrive from England, with the Stores, Officers, &c. the Deſign will be put in Execution. There is the more reaſon to expect Succeſs now, as Plantain, the Madagaſcar Pyrate (who for ſome time had the Direction of Angria's Naval Force, and whom a very expert Sailor) lately died at Allabeg.

From Vienna, that the Emperor has declared the Duke of Lorrain Generaliſſimo of his Army in Hungary. The Grand Signior has afreſh declar'd, that he greatly prefers War to the giving up of Aſoph.

From Warſaw, that in the Skirmiſh in which General Leſley was killed, his Son, who was a Lieutenant-Colonel, had the Misfortune to be taken Priſoner by the Tartars.

From Dreſden, that the King of Poland is determined to ſend a Body of 8000 Men to the Imperial Army in Hungary.

April 12. They write from Petersburg, that an Expreſs was arrived there from Vienna, with Advice, that the Emperor was reſolved to break with the Turks, and to attack them in two different Places; which News had cauſed great Joy here, this Court flattering itſelf, that the Port will in conſequence thereof, be obliged to conſent to a Peace on the Terms propos'd The Departure of the Miniſters Plenipotentiary for the Congreſs of Soroka is put off for ſome Weeks.

From Vienna, It's now certain that the Duke of Lorrain will command the Army in chief in Hungary. His Royal Highneſs will ſet out with Prince Charles his Brother, the latter End of May, againſt which time great Diligence will be uſed to prepare their Equipages. The Army will aſſemble about the Middle of May at Vanalanca, on the other Side of Belgrade, and the Foreign Troops and others at Diſtance, which are to reinforce it, have Orders to haſten their March The Imperial Court has enter'd into Contract with certain Perſons, who have engaged to advance three Millons and a Half to the publick Cheſt; and as now the War with the Turks is inevitable, there is a Talk of raiſing ſtill greater Sums. It's ſaid, that ſeveral Foreign Princes are expected at the Army in Hungary to act as Volunteers.

From Amſterdam, that Capt. Schryver, Commander of the Teer Meer Man of War, a Ship of 64 Guns, ſet ſail the 15th Inſt. N.S. at 4 in the Morning, for the Weſt-Indies, and will be forthwith followed by Capt. Viſſcher.

April 16. Last Wednesday Night there was held a Grand Lodge of the Antient and Honourable Society of Free and Accepted Masons at the Devil Tavern, Temple Bar, where were present the Right Hon. the Earl of Loudon, the present Grand Master; Lord Crawford late Grand-Master; Lord Weims, Lord Hume, John Ward, Esq. Deputy-Grand Master; Sir Robert Lawley and Dr. George Grame, Grand Wardens; with several other Persons of Distinction; with the Masters and Wardens of 75 Lodges, and the Stewards for the ensuing Grand Feast; when the Grand Master present declared the Right Hon. the E. of Darnley Grand Master Elect for the Year ensuing.
